Young children learn best from the powerful role models in their lives. That's where you grownups come in! Our family music classes show parents, teachers, and caregivers how to help their children become confident music-makers just by having fun making music themselves

CLASS DESCRIPTIONS

Canta y Baila Conmigo® is a Spanish language and culture program with dual, complementary goals of music development and Spanish acquisition. It is *both* a music class in Spanish and a family language immersion experience. CyBC introduces the Spanish language through the musical traditions of Spanish-speaking countries.

Music Together was the first early childhood music program to offer music classes for mixed ages. Child development researchers have known for a long time that the natural, family-style environment of mixed-age classes is the best way for young children to learn

Tot Music **Drum Class** for children 4 to 8 years of age with an adult (4 years old by end of school year - younger siblings welcome). Our 45 minute class will consist of rhythmic play and community drumming, with plenty of opportunity for singing and dancing, too! As with all our programs, music in class will draw from a variety of styles and cultures from around the world.
